

# SOLUTIONS OVERVIEW

# eCourtDate Use Cases

## Court Reminders

Decrease failure-to-appear rates by reminding defendants about upcoming hearings and conditions.

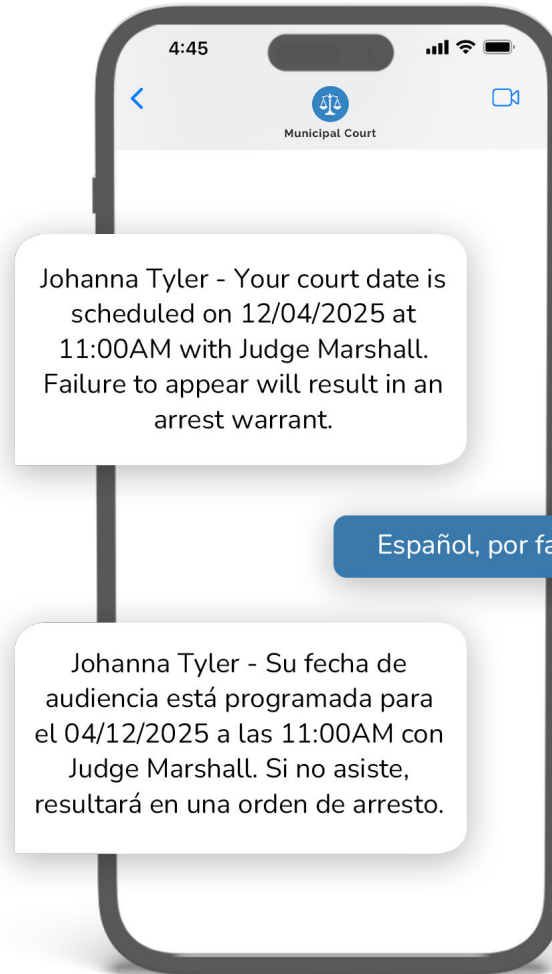

## Victim Notifications

Inform victims about their rights, case status, upcoming court dates, and custody changes.

## Payment Notifications

Send one-off and recurring payment reminders for fines, fees, and restitution.

## Emergency Alerts

Quickly reach the public during severe weather or security incidents with multilingual alerts.

## Calendars & Scheduling

Allow clients and attorneys to self-schedule events. Promote public events to the community.

## Pretrial & Probation Supervision

Monitor pretrial and probation clients with geotracking, risk assessment, tasks, and randomized testing.

# eCourtDate Use Cases

## Forms and Files

Create accessible forms libraries.  
Build electronic filing portals with identity verification and eSignatures.

## Electronic Warrants

Submit warrants to available judges with built-in approval workflows and eSignatures.

## Evidence Management

Accept digital evidence from clients and attorneys. Keep track of evidence and chain of custody.
